

Let The Sunshine In (Long Club Mix)

Army of Lovers

We starve, look at one another short of breath
Walking proudly in our winter coats
Wearing smells from laboratories
Facing a dying nation of moving paper fantasy
Listening for the new told lies
With supreme visions of lonely tunes
Somewhere, inside something , there is a rush of greatness
Who knows what stands in front of our lives
I fashion my future on films in space
Silence tells me secretly ev'rything, ev'rything
Singing my space songs on a spiderweb star
"Life is around you and in you"
Answer for Timothy Leary, dearyLet the sun shine
Let The sunshine in

Let The sunshine in
