

All I Want Is You

William McDowell

All I want is You
All I want is You
Oh Jesus
All I want is You
All I want is You
All I want is You All I want is You
You're my reward, all I want is You
All I want is You The reward of worship is God, all I want is You
All I want is You
Yes blessings come but the reward of worship is God, all I want is You
All I want is You
You're my reward, You're my reward
All I want is You See, yes you can be healed in the presence Of God, but He's reward of worship
All I want is You
He's the prize, all I want is You
All I want is You
All I want is You
All I want is You
All I want is You
Let you glory fill this house, let the weight of your presence fill this house
May the person of Jesus enter this house, let your weight so come that we can't barely breath
Your glory, Your glory, all I want is You (all I want is You)
Your glory, Your person, all I want is You
Take me in, take me in, all I want is You
Hold me a little bit closer, all I want is You
All I want is You, hold me a little while longer all I want is You Lord (all I want is You)
Take me a little bit deeper, all I want is You (all I want is You)
