

I Can't Stay Mad At You

[Skeeter Davis](#)

I can't stay mad at you You can make me cry
You can break my heart
But I'll never say we're through
Even when I cry
I can't stay mad at you You can run around
You can tell me lies
But there's nothing I can do
I'll never say goodbye
'Cause I can't stay mad at you I got mad at you last night
When you were holding another girl tight
But when I thought about all your charms
I bounced back in to your arms One thing you'll know for sure
I won't be the one to fall in love
With someone new
I'll love you till I die
And I can't stay mad at you I bounced right back into your arms One thing you'll know for sure
I won't be the one to fall in love
With someone new
I'll love you till I die
And I can't stay mad at you You got me where you want me
