

Tuxedo

Clare Dunn

He don't need no coat and tie
Don't need no black and white
He don't need no red copper cameras flashing in his eyes

Ooohhhh
Nooooooo
Cause his feet are on the ground, and he's grounded in his boots
My baby looks so sexy out there working in his boots

Oooohhhh
You should know
Ohh my man

He's got them real strong hands
And after working all day out in that hot sunshine
He comes walking in always lookin' so fine

Ooohhh my heart
Lights up like shooting stars
He like a knight in shining armour with them blue jeans on
Dirty white tee
And my baby don't need no
Tux - tux - tuxedo
Tux - tux - tuxedo
Don't need no
Don't need no
Tuxedo

I don't need no diamond rings
Don't need no shining car
He makes me feel so fancy when I'm laying in his arms

Oooohhhh
You should know
Oohh my man
He got them real strong hands
And after working all day out in that hot sunshine
He comes walkin' in always lookin' so fine

Ooohhh my heart

Lights up like shootin' stars
He like a knight in shining armour with them blue jeans on
Dirty white tee and my baby don't need no
Tux - tux - tuxedo
Tux - tux - tuxedo
Don't need no
Don't need no
Tuxedo

He's like a George Strait choir type
He knows the difference in wrong and right
And he gives me just what I like
All night
And he's mine, all mine
Oohh my man
He got them real strong hands
And after working all day out in that hot sunshine
He comes walkin' in always lookin' so fine

Ooohhh my heart
Lights up like shootin' stars
He like a knight in shining armour with them blue jeans on
Dirty white tee and my baby don't need no
Tux - tux - tuxedo
Tux - tux - tuxedo
Don't need no
Don't need no
Tuxedo

He don't need no
Tux - tux - tuxedo
Tux - tux - tuxedo
Don't need no
Don't need no
Tuxedo
He don't need no
