

June Bride

China Crisis

June bride
Johnny xxxx in white
Side by side
A happening thing inside
Name the day
Waiting will get us nowhere
You decide
What you wanna do this timeThis time
What you wanna do this time
I'm yours, you're mine
Forever and a day
I'll be always in your company
In xxxxx
This timeSunny side
There you are, keep me in line
Xxxxxxxxxx
Taken for the very first timeFirst time
Taken for the very first time
I'm yours, you're mine
Forever and a day
I'll be always in your company
In xxxxx
This time
