Can We Get Down

Jon B.

Can we get down?
Can you hear the sound
When love's callin' you?
Callin' me sexually
Lady, please let meWhat do I have to do?
What do I have to say?
To get you to come over girl and let me have my way tonight
Is it wrong, is it right, for me and you to just get downCan we get down?
Can you hear the sound
When love's callin' you?
Callin' me sexually
Lady, please let meWhat are your dreams of?
I could make them come true
Just tell me girl and I'll try to supply them for you tonight
Is it wrong, is it right, black and white, day in nightCan we get down?
Can you hear the sound
When love's callin' you?
Callin' me sexually
Lady, please let meThere is a way to wake up in the morning time
By my side and feel just fine
It would be so much better
If you could just trust your heart
To make the right decision
I can lead you only half way baby
Please say we can get down and down, down, down, down, dirty babyAnd it's calling you
And it's calling me
Callin' me sexually
Please baby
Can we get down?Can we get down?
Can you hear the sound
When love's callin' you?
Callin' me sexually
Lady, please let meCan we get down?
Can you hear the sound
When love's callin' you?
Callin' me sexually
Lady, please let meCan we get down?
Can you hear the sound
When love's callin' you?

Callin' me sexually
Lady
