# Anna

## The Bob Crewe Generation

Anna,
Take me back to the home
Anna,
Once I knew it?s getting born
I?ve been in the world
Now had to sing
Still I could hear
Your voice calling in
Takes too long
To forget you
If I?d known to stay
Too long
To forget you
I?m still waiting for a chance

Anna,
All I see is your face
Anna,
Same great heart still away
I want you to know
I was so young then
Don?t wanna feel
On my own again
Takes too long
To forget you
If I?d known to stay
Too long
To forget you
I?m still waiting for a chance
