# Come Back

## Pearl Jam

If I keep holding out
Will the light shine through?
Under this broken roof
It's only rain that I feel
I've been wishin' out the days
Oh oh oh
Come backI have been planning out
All that I'd say to you
Since you slipped away
Know that I still remain true
I've been wishin' out the days
Please say that if you hadn't have gone now
I wouldn't have lost you another way
From wherever you are
Oh oh oh oh
Come backAnd these days, they linger on, yeah, yeah
And in the night, I've been waiting for
A real possibility that I may meet you in my dreams
I go to sleepIf I don't fall apart
Will my memory stay clear?
So you had to go
And I had to remain here
But the strangest thing to date
So far away and yet you feel so close
I'm not going to question it any other way
It must be an open door for you
To come backAnd the days they linger on, yeah
Every night I'm waiting for
The real possibility that I may meet you in my dreams
Sometimes you're there and you're talking back to me
Come the morning I could swear you're next to me
And it's okIt's ok, it's okI'll be here
Come back, come back
I'll be here
Come back, come back
I'll be here
Come back, come back
