

# Why Should I Cry

## Red Molly

Mark erelli why should i cry  
You taught me everything i know about being lonesome  
And i learned my lessons oh so faithfully  
What was i thinking of when i gave you my love  
For i knew you would go eventually

You can't say he never gave you nothing  
Afterall he left you with the blues  
It ain't much but at least it's something  
I don't believe that i will ever lose

Tell me why should i cry over you sweet darling  
Why should i cry over you  
Give me one good reason i should be with you  
Why should i cry over you

Break

I'm all through feeling blue for you my darling  
I know you would do the same for me  
You're gonna walk right out the door  
Gonna even up the score  
Oh two can play that game so easily  
I don't expect you will ever come a'calling  
But should we chance to me out on the avenue  
Don't be surprised when you don't see teardrops falling  
Honey why should i cry over you

Tell me why should i cry over you sweet darling  
Why should i cry over you  
Give me one good reason i should be with you  
Why should i cry over you  
Won't ya give me one more reason i should be with you  
Why should i cry over you
