Fire

Delta Rae

I, I got my eye on you
I heard what you've been saying
These rumors you spread round
They burn me down like flames, yeah
We used to be friends, but that ain't true now
You ain't down my back
You showed me that so many times
When I need help, can't call for help
Cause no one comes
[Chorus]So I'm calling fire, fire, fire, fire
Burn, burn, burn, burn, burn
And only fire, fire, fire, fire for you
And only fire, fire, fire, fire for you
I'm calling fire, fire, fire, fire,
It won't be pretty, I ain't no
I've been this city

They'll come from miles around
To see how you cut me down
We used to be friends, but that ain't true now
You poisoned the well, now I can't tell
Who's on our side
When I need help, can't call for help
Cause no one comes
Cause no one comes
[Chorus]So I'm calling fire, fire, fire, fire
Burn, burn, burn, burn, burn
And only fire, fire, fire, fire for you
And only fire, fire, fire, fire for you
I'm calling fire, fire, fire, fire,
When I need help, can't call for help
Cause no one comes
Cause no one comes
[Chorus]
