

# Stay Hungry (Remastered 1977 Version)

## Talking Heads

I think that we signify our love now  
Oh girl, you can initiate an impulse of love We stay, we stay, we stay hungry  
Move a muscle, move a muscle, move a muscle  
Make a motion, make a motion, make a motion  
Pull it tighter, pull it tighter, pull it tighter Double beatin', double beatin', double beatin'  
Double beatin', double beatin', double beatin'  
Palpitation, palpitation, palpitation  
Stay hungry, stay hungry, stay hungry Here's that rhythm again, here's my shoulder blade  
Here's the sound I made, here's the picture I saved  
Here's that rhythm again, here's my shoulder blade
