

Sweet Love

Chris Rea

Oh oh, baby
I know that sometimes it seems
It's only studios and parties
But baby I appreciate
The way you stand by me
And I know sometimes you hear
Strange stories
But please remember girl
You've got a 100 percent of me
I just wanna say
Thank you for coming my way
You've been such a blessing to me
I just can't believe
Put you through a lot
You've given me all you got
There through thick and thin
Baby, all I need is your
Sweet love
Been around the world but girl I need your
Sweet love
I've seen a thousand girls but all I want is your
Sweet love
I know I won't survive without your
Sweet love, sweet love, sweet love
I know that sometimes you feel
My work comes before you
But this is for both of us, baby
I'd never ignore you
And I know sometimes you say
You are so lonely
I promise it won't be long
Before you can hold me
I just wanna say
Thank you for coming my way
You've been such a blessing to me
I just can't believe
I've put you through a lot
You've given me all you got
There through thick and thin

Baby, all I need is your
Sweet love
Said, I've been around the world but girl I need your
Sweet love
And I've seen a thousand girls but all I want is your
Sweet love
I know I won't survive without your
Sweet love, sweet love, sweet love
Sweet love
Said, I've been around the world but girl I need your
Sweet love
And I've seen a thousand girls but all I want is your
Sweet love
I know I won't survive without your
Sweet love, sweet love, sweet love
I'm so thankful for your love
I will never get enough
Baby, all I need is your
Sweet love
Said, I've been around the world but girl I need your
Sweet love
And I've seen a thousand girls but all I want is your
Sweet love
And I know I won't survive without your
Sweet love, sweet love, sweet love
Sweet love
Said, I've been around the world but girl I need your
Sweet love
And I've seen a thousand girls but all I want is your
Sweet love
And I know I won't survive without your
Sweet love, sweet love, sweet love
Sweet love, I love you, I love you
Sweet love, you're all I need, you're all I need
