Fall to pieces

Wakefield

Call me what you will
I have some time to kill
Before we go our separate ways
I promise not to forget you
If you remember me too,Theres some things that I must do
And then i'll come back to you
I hope that you'll still feel the same
We can throw this all away, yeahTo be honest,
I tried my hardest
To give you, all that you deserve
To see you hurt is all my fault
I'm stupid and I'm sorry[Chorus]
Fall To Pieces,
Dont wait up for,
Lonley she waits
Congratulations i'm not happy
Absence makes the heart grow fond...
So i'm gone
[Chorus]Don't wait up for me
Some things are meant to be
I guess we'll have to wait and see
'Till then I will hold you dear (dear)
I never could believe how youput up with me
You were never a last priority
And those times I hear you say,
You would end up this way[Chorus]
To be honest,
I tried my hardest
To give you, all that you deserve
To see you hurt is all my fault
I'm stupid and I'm sorryFall To Pieces,
Dont wait up for,
Lonley she waits
Congratulations i'm not happy
Absence makes the heart grow fond...
So i'm gone
[Chorus]So i'm gone
So i'm gone
So i'm gone...Thanks to Britt (GCWF18241@aol.com) for these lyrics
