Somewhere In the City

Madcap

Sometimes it's hard to see
Good times ahead for you
With all this hate and greed
Getting in the wayYou should come ride with me
I know a place for free
We can run and hide
Through the day and nightNew York or L.A.
Downtown's the place
For hearts like oursTogether we're free
We'll run you and me
In the city tonightSomewhere in the city tonightWell, somewhere in the city tonight
We'll hide on, we'll be alright
Well, somewhere in the city tonight
We'll hide on, we'll be alrightLet's go
Come onLet's run the streets near 25th
Watch the fog roll over that golden gate
There's time tonight and nothing we can loseNew York or L.A.
Downtown's the place
For hearts like oursTogether we're free
We'll run you and me
In the city tonightSomewhere in the city tonightWell, somewhere in the city tonight
We'll hide on, we'll be alright
Well, somewhere in the city tonight
We'll hide on, we'll be alrightWell, somewhere in the city tonight
We'll hide on, we'll be alright
Well, somewhere in the city tonight
We'll hide on, we'll be alrightWell, somewhere in the city tonight
We'll hide on, we'll be alright
Well, somewhere in the city tonight
We'll hide on, we'll be alrightAlright
