Sleepers

Seven Places

I went back to the park where we used to sit and talk for hours
We'd laugh and make our plans, we swore that we'd be friends forever
But oh how things change, did you see this coming?
It caught me off guard, I never thought I'd see you forsake your first loveIt's been such a long, long time since we have talked
It's been such a long, long time since we've seen eye to eye
We used to feel the same, it's obvious to me
We dreamt the same dreams but now you're awake but I'm still sleepingWinter's in the air and the wind it stings like ice or
Maybe those are just the tears freezing in my eyes
I wish I could see you and tell you nothing's changed
The God you once loved with all of your heart
Stayed the same, stayed the same, stayed the sameIt's been such a long, long time since we have talked
It's been such a long, long time since we've seen eye to eye
We used to feel the same, it's obvious to me
We dreamt the same dreams but now you're awake but I'm still sleeping
I'm still sleeping, I'm still sleeping, I'm still sleeping
