Midnight Sun

Isaac Delusion

(hey guys you're so gladdy
and here's i'm with my machine)

don't you see?
find slang stink thing
and lading in the midnight sun...

it's watch the way
when we see this rare felling
and saying we'll suffer again...

it's time to wake
when we see we're still asleep
light a fire and the sky !

offer and offer and offer again

how i feel the recent inside of my hand ?
and here is the feeling
sent you n'offer again...

offer again (x4)

how can't wait and live ?
we're prisoner of the gravity
but thinking still be free !

in the silence of the empty streets,
i'm walking in the midnight sun
walking in the midnight sun !

i'm walking in the midnight sun
walking in the midnight sun
walking in the midnight sun
i'm walking in the midnight sun
walking in the midnight sun
walking in the midnight sun
walking in walking in walking in the midnight sun ...

how can't wait and live ?

we're prisoner of the gravity
but thinking still be free!

in the silence of the empty streets,
we are walking in the midnight sun
walking in the midnight sun

we are walking in the midnight sun
walking in the midnight sun ...

we are walking in the midnight sun
we are walking in the midnight sun
... walking in the midnight sun ...
... walking in the midnight sun ...
... walking in the midnight sun walking in the midnight sun walking in the midnight sun

walking in the midnight sun
