Speed

Billy Idol

Running from the nightmare
In the middle of the road
Hell's no place for sleeping
In a world beyond control
Caught in the headlights
Coming after you
When I woke up this morning
I had to do what I gotta do
Blast me to Heaven for loving you
Blast me to Heaven for loving you
Speed, give me what I need
Yeah, white lightning
Let's speed, on speed
On wheels, on wheels
Speed, oh, let it bleed
Yeah, greased lightning
Let's speed, on speed
On wheels, on wheels
I've seen a train full of pain
On the edge of overload
We're in Heaven, baby
You are gonna implode
I've got these crazy feelings
That I can't explain
I've gotta save you, baby or I'll die in vain
Blast me to Heaven for loving you
I said blast me to Heaven just for loving you
I said, speed, give me what I need
Yeah, white lightning
Let's speed, on speed
On wheels, on wheels
Speed, oh, let it bleed
Yeah, greased lightning
Let's speed, on speed
On wheels, on wheels
Blast me to Heaven for loving you
I said, blast me to Heaven for loving you
Now I'm rushing on the run, yeah
I wanna have me some fun

I'll speed, give me what I need
Oh, set me free, let's speed
On wheels, on wheels, on wheels
Said speed, give me what I need
Yeah, white lightning
Let's speed, on speed
On wheels, on wheels
Said speed, oh, let it bleed
Yeah, greased lightning
Let's speed, on speed
On wheels, on wheels
Speed, oh let it bleed
Yeah, white lightning
Let's speed, on speed
On wheels, on wheels, come on
I said speed, speed
Give me what I need
I said speed, speed
Give me what I need
I said speed, speed
Give me what I need
Yeah, alright
