She Wants More

Enuff Z'Nuff

Her hair's got a little bit lighter
And her style has really changed
Her lips have got a little bit tighter
Man, this chick drives everyone insaneShe's so good at the things that she tries
Sell her image for the golden skies
I think she's gonna make it
First, she's gotta lose the guyShe wants more
(She wants to make it, make it so bad)
She needs more
(She wants to make it, make it so bad)
She wants more, she wants to make it so bad
(She wants to make it, make it so bad)
But then love comes tumbling downThe songs she writes and sings are pretty clever
People all around, they've heard her name
Living in a world of never say never
I used to think that the chicks were all the sameShe's so good at the things that she tries
Sell her image for the golden skies
I think may just make it
First, she's gotta lose the guyShe wants more
(She wants to make it, make it so bad)
She needs more
(She wants to make it, make it so bad)
She wants more, she wants to make it so bad
(She wants to make it, make it so bad)
But then love comes tumbling downShe's so good at the things that she tries
Sell her image for the golden skies
I think may just make it
But she's gotta lose the gameShe wants more
(She wants to make it, make it so bad)
She needs more
(She wants to make it, make it so bad)
She wants more, she wants to make it so bad
(She wants to make it, make it so bad)
But then love comes tumbling downShe wants more
(She wants to make it, make it so bad)
You know she wants a little more
(She wants to make it, make it so bad)
She wants a little more, she wants to make it so bad
(She wants to make it, make it so bad)

But then love comes tumbling down, yes it does
Love comes tumbling downTumbling down
