

# Not Me

## West End Orchestra and Singers

Always waiting for the truth to come out  
I'm caged in your eyes  
And it's making me lieSo I'm not everything you wanted me to be  
Sorry, I ever disappointed  
I am not meI lied my way in through your heart  
I feel so ugly  
And it's tearing at meSo I'm not everything you wanted me to be  
Sorry, I ever disappointed  
I am not meI am not me  
I am not me  
I am not meI am not me  
So I'm not everything you wanted me to be  
Sorry, I ever disappointed  
I am not me
