Two In A Million

Bryan White

In a world of illusion filled with wrong turns
Where so many bridges seem destined to burn
The odds are so great, the chances so slim
To find the right her for just the right himWe're two in a million, exceptions to the rule
I followed my heart and love led me to you
It's a gamble at best, so easy to lose
But the first time we kissed we both knew
We're two in a million, two who found one love that's trueWhat some call love can be lost overnight
And they find there's a tunnel at the end of the light
But here in your arms the only surprise
Is the way love keeps growing as time passes byWe're two in a million, exceptions to the rule
I followed my heart and love led me to you
It's a gamble at best, so easy to lose
But the first time we kissed we both knew
We're two in a million, two who found one love that's true
Hey, we're two in a million, two who found one love that's true
