In These Hands

The Butterfly Effect

If we run if we fall across the line
It's too little too late to rewind
On the edge of the world
I won't leave you blind
Can you see me sometimes?
Watch you fall catch it all inside of mine
It's too little too late to rewind
In these hands I will stand 'til the end of time
If you'll stay with me this time
We'll be together put your hand in mine
We have only one chance in this lifetime
Can't you hear me calling your name?

If you stay can we wait for one more day?
It's too little too late to rewind
Together forever in the words we say
What we say only sometimes
We'll be together put your hand in mine
We'll live forever in this heart of mine
Can't you hear me calling your name?
And we'll be together for the end of time
And we have only one chance in this lifetime
Can't you hear me calling your name?
Only one chance in this lifetime
