

Dinero

The Texas Tornados

You pretty much stick a solo wherever you feel like it.
The whole song can be played rather enjoyably with all
upstrokes on the eighth note upbeat.

If you got the dinero, ah, I got my Camaro
Just flash some cash, buy some gas
And off we'll go

Bring all of your pesos, I'll supply all the besos
Buy some cervesa, drive up the mesa
When the sun goes down

If you got the dinero, ah, I got my Camaro
Just flash some cash, buy some gas
And off we'll go

(solo to same chords)

If you got the dinero, I'll put on my sombrero
(Yo te boca, me quiero), down to Laredo
And have a good time

If you got the dinero, ah, I got my Camaro
Just flash some cash, buy some gas
And off we'll go

I know that this is gibberish, but I can't for the life of me make out this line.
