

The Island

Parade of Lights

Everybody's talking, they're coming out for blood
We're going into hiding, ah, I'll never give you up
Let's get away to the island, Get away to the sun,
We could stay here for ever, Say the word we'll be gone
Let's get away to the island, Get away to the sun,
We'll be forever young
On the island, oh oh oh oh oh oh
On the island, oh oh oh oh oh oh
Temperature is rising, so let it fill your lungs (?)
You and I collided, ah, we're never givin' up
Let's get away to the island, Get away to the sun,
We could stay here for ever, Say the word we'll be gone
Let's get away to the island, Get away to the sun,
We'll be forever young
On the island, oh oh oh oh oh oh
On the island, oh oh oh oh oh oh
Let's fade away tonight, leave everything behind
Save all the long goodbyes
Now it's just you and me, I know just what you need
We can make history
Let's get away to the island, Get away to the sun,
We could stay here for ever, Say the word we'll be gone
Let's get away to the island, Get away to the sun,
We'll be forever young
On the island, oh oh oh oh oh oh
On the island, oh oh oh oh oh oh
On the island (we can make history)
On the island, oh oh oh oh oh oh
