

# Unbreakable

Janet Jackson

Set one

I live through my mistakes  
It's just a part of growing  
And never for a single moment  
Did I ever go without your love  
You made me feel wanted  
I wanna tell you how important  
You are to me, love Truth is, truth is that I wouldn't be here  
Without the love I stand on  
Anytime I get lost in the world  
You'll always be there  
To care and share  
In the joy and the pain, oh  
Our love won't change And what I share with you  
Ever sacred, everlasting  
The greatest love for me  
I love you  
And it's pure  
And it will endure  
The world can't break down  
The connection  
Cause our love is divine  
And it's unbreakable Faithful love that I will always keep first  
My heart will never be hurt  
Family that walks through fire for me  
So I don't get burnt  
Fans and friends chime in  
To a love that's true blue  
I dedicate my love to you And what I share with you  
Ever sacred, everlasting  
The greatest love for me  
I love you  
And it's pure  
And it will endure  
The world can't break down  
The connection  
Cause our love is devine  
And it's unbreakable  
Ever sacred, everlasting

The greatest love for me  
I love you  
And it's pure  
And it will endure  
The world can't break down  
The connection  
Cause our love is divine  
And it's unbreakable Cause our love is defined  
And it's unbreakable  
Cause our love is defined  
And it's unbreakable  
Cause our love is defined  
And it's unbreakable  
Love(I found a friend)  
Hello  
(I found a friend)  
It's been a while  
(I found a friend)  
Lot's to talk about  
(I found a friend)  
I'm glad you're still here  
(I dedicate myself to you)  
I hope you enjoy
