Baby

Keaira LaShae

All these other ** the same, baby
You ainâ€™t like â€˜em, got your own lane, baby
Mentally Iâ€™m digging your ways, baby
Cause I see you out here doing your thang, baby

Well, Me too, I think youâ€™re kinda special
Type to make me change my view
Make me fall in love, canâ€™t get enough of you,
I swear, so true, out there
Ainâ€™t nothing for me, no one for me but you

Baby, youâ€™ve been on my brain, yeah, so insanely
And though I try to get you off my mind
I cannot deny it feels so right
Wonâ€™t lie, no

All I want is that real love
The kind that people be dreaming of
The kind that no one believes in
Well, me and you can achieve it baby
Is that way too much to ask from you baby?
I swear that Iâ€™ll give you all that Iâ€™ve got, yea
And you ainâ€™t never gotta worry â€˜bout nothinâ€™
And if you let me baby Iâ€™ll show you somethinâ€™

No matter how long it takes Iâ€™ll love you
My heart belongs, itâ€™s only for you
Talk about us like the front page, baby
When they see us, Yea, I know they gonna hate baby
Canâ€™t let nobody get in our way baby
Cause loving you ainâ€™t nothinâ€™ but a thang baby

I do, I think youâ€™re kinda special
Type to make me change my view
Make me fall in love, canâ€™t get enough of you,
I swear, so true, out there
Ainâ€™t nothing for me, no one for me but you

Baby, youâ€™ve been on my brain, yeah, so insanely
And though I try to get you off my mind

I canâ€™t even lie it feels so right, so right, baby
