

# 3-D Witch Hunt

## Tad

You know I don't have time to, time  
To cut you down  
Don't want your anger on my hands  
Don't want to sit there and let it  
Eat you alive  
Just want to shut out red and blueShut out red and blue  
Shut out red and blue  
Shut out red and blueShut out red and blue  
Shut out red and blue  
Shut out red and blueYou know it's hard for me to sit and watch  
As you slip away  
You've had hard times, I can tell  
Don't want to sit there and let it  
Eat you alive  
Just want to shut out red and blueSmile and shook it off  
Smile and shook it off  
Smile and shook it offSmile and shook it off  
Smile and shook it off  
Smile and shook it offYou know I don't have time to, time  
To cut you down  
Don't want your anger on my hands  
Don't want to sit there and let it  
Eat you alive  
Just want to shut out red and blueShut out red and blue  
Shut out red and blue  
Shut out red and blue
