

Prisoner

Accept

She's a dancer
And she's holdin' on
To dreams of fame No loser
But in her mind
It's coming apart It's a felony to me
To give it up, she's gonna lose it
Been holding back on love
Pretending there's no way to turn She's a prisoner
Got a lot to fight for, (prisoner)
Prisoner, prisoner of fame
Got a lot to fight for, (prisoner) She's a dreamer
And I imagine her
That she'll be mine Chasing a dream
The lights they call
Got no love anymore
'cause she gave it all It's insanity to me
To give it up, she's gonna lose it
She's holding back on love
Pretending there's no way to turn She's a prisoner
Got a lot to fight for, (prisoner)
Prisoner, prisoner of fame She's a prisoner
Ooh yeah, (prisoner)
Prisoner, prisoner of fame
(can't you see what's going on) It's mystic magic, (mystic magic)
Dancing on air, (dancing on air)
Some call it tragic
She's fading, fading away again (Prisoner), got a lot to fight for, (prisoner)
Prisoner, prisoner of fame, (can't you see what's going on)
She's a prisoner
Ooh yeah, (prisoner)
Prisoner, prisoner of fame, (can't you see what's going on) She's Prisoner, got a lot to fight for, (prisoner)
Prisoner, prisoner of fame, (can't you see what's going on)
(prisoner, can't you see what's going on)
(prisoner, can't you see what's going on) She's a prisoner
Ooh yeah, (prisoner)
(can't you see what's going on)
