Feels Good

Next

Feels good, oh, so good
I'm in the E five O O, goin' out, one O O
Listenin' to the radio, turnin' up my stereo
I'm bobbin' to the beats, headed to the beach
Calhoun, I'll be there soon with all my friends
Barbecue with Heinekens
Don't it feel good to feel the sunshine?
Bein' with loved ones, havin' a good time
Feels good to be in love
Havin' someone that you can trust
Feels so good spendin' time wit yo kids
Showin' 'em what feelin' good is
And it feels good just livin' your life
Knowin' every thing's gonna be alright
Rollin' Jordan's, them twenty-three's
Top down, hangin' out, gotta feel the breeze
Leanin' back in my fresh throwback
Air Force Ones, don't you know that?
Just, shine on, that tape put in
Lookin' for an ATM 'cause my papers' thin
At the bank for my peoples
'Cause I'm meetin' them and it feels good
An' it feels good to feel the sunshine
Bein' with loved ones, havin' a good time
Feels good to be in love
Havin' someone that you can trust
Feels so good spendin' time wit yo kids
Showin' 'em what feelin' good is
An' it feels good just livin' your life
Knowin' every thing's gonna be alright
Call all the ladies, I call my guys
We can meet up an' have a good time
Break out the new kicks, shine the ride
'Cause we gonna roll tonight
We got grapefruits, cooked food
Liquor in the cooly, Dominoes fool
No dice an' spades
C'mon, y'all, it's okay
Don't it feel good to feel the sunshine?

Bein' with loved ones, havin' a good time
Feels good to be in love
Havin' someone that you can trust
Feels so good spendin' time wit yo kids
Showin' 'em what feelin' good is
An' it feels good just livin' your life
Knowin' every thing's gonna be alright
Feels so good to feel the sunshine
Bein' with loved ones, havin' a good time
Feels good to be in love
Havin' someone that you can trust
Feels so good spendin' time wit yo kids
Showin' 'em what feelin' good is
An' it feels good just livin' your life
Knowin' every thing's gonna be alright
Feels good to roll the ride
Top down with a dime in the passenger side
Feels good to see haters eyes grillin' me
Mad 'cause I'm wit you, damn, why you killin' me?
Feels so good to turn my stereo up
With the beat bump bump, we just lay in the cut
An' it feels good to know my family's okay
So tomorrow I can say
Don't it feel good to feel the sunshine?
Bein' with loved ones, havin' a good time
Feels good to be in love
Havin' someone that you can trust
Feels so good spendin' time wit yo kids
Showin' 'em what feelin' good is
An' it feels good just livin' your life
Knowin' every thing's gonna be alright
Don't you feel good?
