Too Late, Too Slow

Shout Out Louds

Too late
The word is already in your mouth
I can hear it comin' out
Towards me
Yeah, shut up
And I don't wanna hear a single word
The song you sing, it's so old
It's so old
I'm not ignoring, I'm just not around
No more
Too late
(Throwin' your life away)
Too slow
(Throwin' your life away)
Too late
(Throwin' your life away)
Too slow
(Throwin' your life away)
Wait
Pretend that you'll fight the power
And don't call me a coward
Wait
And, hey
If I'm the not who wants to stay
Then why I got my suitcase packed this way?
Hey
I'm not ignoring, I'm just not around
No more
Too late
(Throwin' your life away)
Too slow
(Throwin' your life away)

Too late
(Throwin' your life away)
Too slow
(Throwin' your life away)
Too late
(Throwin' your life away)

Too slow
(Throwin' your life away)
And new life
Don't you turn your back on me
I'm not from around here, you see
Cover me
And jump in
You can wake up only hope
If you take your punches up until
Up until
I'm not ignoring, I'm just not around
No more
Too late
(Throwin' your life away)
Too slow
(Throwin' your life away)
Too late
(Throwin' your life away)
Too slow
(Throwin' your life away)
Too late
(Throwin' your life away)
Too slow
(Throwin' your life away)
Too late, too slow
Too late, too slow
