

I Got It Bad

[LeAnn Rimes](#)

Six a.m. came way too early
But Friday means it's over soon
Life gets boring in a hurry
I got somethin' gets me goin'
And I'm already gone I got it bad
Feel that rumble
Tough and tumble under my feet
I got it bad
Round and round, we've all gone mad
Scream it, I got it bad I'm addicted to the fast life
I cut my teeth on concrete dreams
The rush of no control gets me high
You know what I think
Too much of a bad thing
Is exactly what I need I got it bad
Feel that rumble
Tough and tumble under my feet
I got it bad
Round and round, we've all gone mad
Scream it, I got it bad Bad for speed and burnin' candles
At both ends till I'm unraveled
Bad for jumpin' off the edge
Without the net because I can, yeah I got somethin' gets me goin'
And I'm already gone I got it bad
Feel that rumble
Tough and tumble under my feet
I got it bad
Round and round, we've all gone mad
Scream it Round and round, round, round
Round, round, we've all gone mad
I got it bad, ooh yeah I got it bad, got it bad
I got it bad, I got it bad
I got it bad, I got it bad
I got it bad
