Coward

Jacob Banks

It's only fair, that I say good bye
No need for tears
Just put my pictures in the flame
Don't you worry 'bout me
I'll find my way home
With no love to spare
You gave my demons heroin
Please don't be scared darling
You taught me everything you know
Don't you worry 'bout me
I'll find my way home
See I'm a coward I know, I'm a coward I know
See I'm a coward I know, I'm a coward I know
It's 'cause you take me higher, and I'm so scared I'll fall
It's 'cause you take me higher, and I'm so scared I'll fall
It's only fair, that I let you go
Please don't be scared darling
Your love was right along the way
Don't you worry 'bout me, yeah
I'll find my way home
No need for tears
You learn from all your mistakes
Please go take your place
Your home is right along the way
Aye don't you worry 'bout me please
I'll find my way home
See I'm a coward I know, I'm a coward I know
See I'm a coward I know, I'm a coward I know
Its 'cause you take me higher, and I'm so scared I'll fall
Its 'cause you take me higher, and I'm so scared I'll fall
Its 'cause you take me higher, and I'm so scared I'll fall
Its 'cause you take me higher, and I'm so scared I'll fall
