Sponge

Magna Carta

You fell on me for the last time
Ugly of the worst kind
Imposing like a dark cloud
Reaching out wrongPush away, holding me
Crushing me, push away
Holding me, crushing me, hungry, dig inHungry, please, push away, holding me
Crushing me, push away
Holding me, crushing meI can bet that you pucker up
I can bet that you lie down
I can bet that you get yours
I can bet that you get yours
Because that's your lifeWanting, needing, taking, stealing
Imposing like a dark cloud
Reaching out wrong, push back
Pull the wool over your eyesI can bet that you pucker up
I can bet that you lie down
I can bet that you get yours
I can bet that you get yours
Because that's your life
