## Magna Carta

You fell on me for the last time  
Ugly of the worst kind  
Imposing like a dark cloud  
Reaching out wrong Push away, holding me  
Crushing me, push away  
Holding me, crushing me, hungry, dig in Hungry, please, push away, holding me  
Crushing me, push away  
Holding me, crushing me I can bet that you pucker up  
I can bet that you lie down  
I can bet that you get yours  
I can bet that you get yours  
Because that's your life Wanting, needing, taking, stealing  
Imposing like a dark cloud  
Reaching out wrong, push back  
Pull the wool over your eyes I can bet that you pucker up  
I can bet that you lie down  
I can bet that you get yours  
I can bet that you get yours  
Because that's your life
