E.T.A 10 minutes( Verse1 )
As I fall deeper into a manic state,
I'm a prime candidate for the gene to receive the drug addict trait.
Blood pressure climbs at a dramatic rate,
I seem to gravitate to the bottle of NyQuil then I salivate.
Start off with the NyQuil like 'I think I'll just have a taste'.
Couple of sips of that then I gradually graduate,
to a harder prescription drug called Valium like yeah that's great.
I go to take just one and I end up like having eight.
Now I need something in my stomach cuz I haven't ate.
Maybe I'll grab a plate of nachos and I'll have a steak.
And you'd think that with all I have at stake,
Look at my daughters face...
'Mommy somethings is wrong with dad I think!
He's acting weird again, he's really beginning to scare me.
Wont shave his beard again and he pretends he doesn't hear me.
And all he does is eat Doritos and Cheetos,
and he just fell asleep in his car eating three musketeers in the rear seat'.(Chorus Begin)
Sometimes I feel so alone,
I just don't know, feels like I been down this road before.
So lonely and cold, it's like something takes over me,
soon as I go home and close the door.
Kinda feels like Dj Vu, I wanna get away from this place I do,
but I can't and I wont say I tried but I know that's a lie cuz I don't,
and why I just don't know.....

(Chorus End)( Verse2 )
Maybe just a nice cold brew, what's a beer?
That's the devil in my ear I been sober a fuckin' year.
And that fucker still talks to me, he's all I can fuckin hear,
'Marshall come on we'll watch the game it's the Cowboys and Buccaneers'.
And maybe if I just drink half I'll be half buzzed for half of the time.
Who's that mastermind behind that little line?
With that kind of rational man I got half a mind,
to have another half of glass of wine sounds asinine, yeah I know.
But I never had no problem with alcohol.
Ouch look out for the wall aim for the couch I'm about to fall.
I missed the couch and down I go looking like a bouncing ball.
Shit must have knocked me out cuz I didn't feel the ground at all
Wow what the fuck happened last night? Where am I?
Man, fuck am I hungover, and god damn i got a head ache.
Shit half a vicodin why cant I?
'All systems ready for take off please stand by'.(Chorus Begin)
Sometimes I feel so alone,
I just don't know, feels like I been down this road before.
So lonely and cold, It's like something takes over me,
soon as I go home and close the door.
Kinda feels like Dj Vu, I wanna get away from this place I do,
but I cant and I won't say I tried but I know that's a lie cuz I don't,
and why I just don't know.....
(Chorus End)( Verse3 )
So I take a Vicodin splash it hits my stomach and ahh.
A couple weeks go by it aint even like im getting high.
Now I need it just not to feel sick, yeah im getting by.
Wouldn't even be taking this shit if DeShaun didn't die.
Oh ya there's an excuse you lose Proof so you use.
There's new rules it's cool if it's helping you to get through.
It's twelve noon aint no harm in self inducing a snooze.
What else is new? Fuck it what would Elvis do in your shoes?
Now here I am three months later, full blown relapse,
'Just get high until the kids get home from school holmes, relax'.
And since im convinced that I'm insomniac,
I need these pills to be able to sleep, so I take three naps,
just to be able to function throughout the day let's see
that's an Ambien each nap, how many Valium? Three.
And that will average out to about one good hours sleep.
Ok so now you see the reason how come he
has taken four years just too put out an album B.
See me and you we almost had the same outcome Heath,
cuz that Christmas you know the Pneumonia thing?
It was bologna, was it the Methadone ya think?

Or the Hydrocodone, you hide inside your pornos?
Your VCR tape cases with your Ambien CR, great places to hide ain't it?
So you can lie to Haley, I'm going beddy bye Whitney baby good night Elaina.
Go in the room and shut the bedroom door and wake up in an ambulance
They said they found me on the bathroom floor, damn!(Chorus Begin)
Sometimes I feel so alone,
I just don't know, feels like I been down this road before.
So lonely and cold, It's like something takes over me,
soon as I go home and close the door.
Kinda feels like Dj Vu, I wanna get away from this place I do,
but I cant and I won't say I tried but I know that's a lie cuz i don't,
and why I just don't know.....
(Chorus End)
