

The Police Car Song

Blippi

Po lice car
Po lice car
Po lice car
They drive really fast through the town.
And Oh my goodness,
their sirens are so loud
Can you see their red and blue lights,
Letting everybody know
To let them by
Po lice car
Po lice car
Po lice car
Yeah they come in all shape and sizes,
There's a radio and a computer inside them.
Some have a dog to help them sniff out crime,
Sometimes you need the help of a K9.
Po lice car
Po lice car
Po lice car
If ever you are in trouble
Or somebody's hurt,
Or if there's an emergency
You dial 911
And the police will come
Driving in their
Yeahhhh
Po lice car
Po lice car
Po lice car
Po lice car
Po lice car
Po lice car
Yeah
