Found A Cure

Khan Edison

Could not find
Someone to hold
Some peace of mind
Yesterday is gone
Nothing else to do
But let it go beofre I lose
All of my hopes and dreams
For something that ain't real
Things ain't always what they seem
Prechorus:
'Cos there's sunshine after the rain
('Cos there's sunshine after the rain)
And after the night comes morning
(And after the night comes morning)
And in the spring, the flowers bllom again
When I'm feeling down, there's nowhere out
I know the love I had inside me will make it alright
Chorus:
And when it feels like I'm going crazy(na na na na)
Feels like I'm going insane(na na na na)
And it feels like I'm going crazy
Found a cure to get me through another day
How many times before have you
Been left alone and you feel confused
Do you have the strengh to keep trying
When the walls just keep on closing in?
But you got everything that you need
Inside your heart if you just believe
Things aren't always as they seem
Repeat Prechorus
Repeat Chorus
(Get me through another day)
(Get me through another day)
Found a cure
(Found a cure)
To get me through another day
(To get me through another day)
Found a cure
(Found a cure)

To get me through another day
(To get me through another day)
(To get me through another day)
Repeat Prechorus
Repeat Chorus twice
