

# Interior Light

## Young Rival

Okay  
Alright  
Indeed, Interior Light.And rode,  
With the wave,  
Get lost in the metrical cave.Get dressed,  
In black,  
Your train's not rolling back.Keep going,  
It's alright,  
Indeed, Interior Light.Fall, fall, fall, fall, fall apart,  
It's coming together again.Sun sets,  
Moon sets,  
Everything sets,  
I was looking for a cigarette.Everybody's waiting in the dark,  
Wondering what's next,  
and how they can get it.Friends still working at the mall,  
Thinking mmmmmmmmm.It's in 8 years of post secondary school job,  
mmmmmmmmmmmm.Fall, fall ,fall, fall, fall apart,  
It's coming together again,  
(Coming back to life)Fall, fall ,fall, fall, fall apart,  
It's coming together again,  
(Coming back to life)Let it out,  
Bring it back home.Let it out,  
Bring it back home.
