# Letter Never Sent

## R.e.m.

It's been pretty simple so far
Vacation in Athens is calling me
And knock, knock, knock on wood
I thought I'd left you behind
Heaven is yours
Heaven is yours
Heaven is yours where I live
The thought of the catacombs
Left myself at home
This letter never sent
Heaven is yours
Heaven is yours
Heaven is yours where I live
When I'm moving too fast
Here is my new address
The water is evening now
The catacombs are filling in
If my soul was made of stone
No, not, not, not gonna
Heaven is yours
Heaven is yours
Heaven is yours where I live
Heaven is yours
Heaven is yours
Heaven is yours where I live
