Just a Day

Reamonn

I just want a day
to make it all OK
I just want a day
to make it all OK
You, could you teach me
how to cry
You, could you teach me
how to cryMy eyes are dry - so bone dry
I just want one day
to showyou I've got heart
I just want one day
to show you I've got heart
You, could you teach me
how to cry
You, could you teach me
how to cryMy eyes are dry - so bone dry
You, could you teach me
how to cry
You, could you teach me
how to cryMy eyes are dry - so bone dryCould you - would you - will you
Teach me how to cry
Could you - would you - will you
Teach me how to cry
Could you - would you - will you
Teach me how to cryCould you - would you - will you
Teach me how to cry
how to cry
