Bachelor Pad

Bow Wow

Now if I hit your girl, that's too bad
You so lame and she like my swag
Make her do flips like a acrobat
Once I get her back to my bachelor pad
Kick back, chill, get ya party on
We gon pop it off like it's Mardi Gras
We gon have it poppin' baby all night long
You should listen to my boy Omarion
Girl, welcome to the thrill of ya life
You see this bachelor pad that have ya heart racin'
I got rooms that change ya mood, got a bed
That where I can take you to the highest altitude
My walls are OCD high revolutionating
And I got the O inside my own crown in the face of my AC
And you can't get mad yo chick chose me
Yeah, she want to roll with a winner I'm a winner
So I guess yo girl exits with B
(Bow Wizzle)
Back to the pad when we gon do it all night
Yes baby girl, just you and me
And we can do the freaky things you like
And I swear to God your boyfriend ain't me
(uhn, uhn, ha, ha)
And she said she like when I work the middle
Yup when I hurt the middle
She don't want to be with you because ya thing too little
(Ha, ha)
So charge that one to the game
Ain't nothin' little over here ma not even the name
(Uhn, uhn)
Hit the floor all up in the crib
Don't worry the mister maids will fix it
Take the girls to the crib they don't know how to act
When I get them back to my bachelor pad
Now if I take your girl, that's too bad
Live so far, she like my swag
Make her do tricks like a circus act
Once I get her back to my bachelor pad
Now if I hit your girl, that's too bad

You so lame and she like my swag
Make her do flips like a acrobat
Once I get her back to my bachelor pad
She told me I was better then that
And this is the new world, she never bend out and stretch
Neva got wet in the Jacuzzi heart shaped, neva seen her pride relax
Sneak in the back, neva seen nothin' like this before
Platinum forces with the royal doors
Stacks so clean you can eat off the floor
Let me take you on a private tour

I don't even got door knobs on my door
They just move when they hear my voice
Yup that's Egyptian marbles on that floor
So my crib got chinchilla hips
I swear come take a feel yo chill in there
Well the liquor might spill in there
I got a movie room we can make a film in there
(Ha, ha)
You know the pad got a elevator in it
So ma just come through and get elevated in up in here
For quite a minute I even ain't seen the kitchen
I just hit the intercom and tell the waiter get it
(Get it)
I got twenty minute staff
That can get it right when I need a midnight snack
Tonight ma you gon be my midnight snack
Turn my room to a coupe watch the roof retract
Now if I take your girl, that's too bad
Live so far, she like my swag
Make her do tricks like a circus act
Once I get her back to my bachelor pad
Now if I hit your girl, that's too bad
You so lame and she like my swag
Make her do flips like a acrobat
Once I get her back to my bachelor pad
I said the flo touch sensitive ma really tho
We walk they light up like Billy Jean video
And my bar got Neon lights
So when I lick her I'm a lick her dance
For hundreds on the dance flo
I got a dancin' pole up on my dance flo
So it ain't no tellin' where my hands go
So if my hands go low
Then let ya pants go

Seven star see I'm on the twelfth flow
It's the anadote
I got a indoor pool ma come and get ya panties soaked
(Yup)
Hop in and splash once I get ya back to my bachelor pad
Now if I take your girl, that's too bad
Live so far, she like my swag
Make her do tricks like a circus act
Once I get her back to my bachelor pad
Now if I hit your girl, that's too bad
You so lame and she like my swag
Make her do flips like a acrobat
Once I get her back to my bachelor pad
