

24 Karat Gold

Stevie Nicks

Set me free, set me free
Is this what you wanted, to happen to me
Golden wings in the sunset
Take me back, all alone I waited
There was no one to be there

There were dreams to be sold here
You like my 24 karat gold chain of chains, yeah
There was some love to be shown
They said you might be coming back to town
They said you might be coming back to town

Oh, let me be, set me free
All alone I waited
There was no one to be there
In the rain she lay face down
What is this freedom she wanted
What kind of freedom
What kind of game?
What kind of freedom
What kind of game?

There were some dreams to be sold, my dreams
My 24 karat, my 24 karat
My 24 karat gold chain of chains
Is this what you wanted?
But he was nowhere to be found
Here comes the cold chill

24 karat chain, chain of chains
24 karat chain, chain of chains
There was some love to be told
You liked my 24 karat gold chain of chains
There were some islands to be found
They said you might be coming back to town
You might be coming back to town
Set me free
Is this what you wanted? Happened to me
Golden wings in the sunset, take me back
All alone I waited

But there was no one to be there
Set me free
And there's a world that rises in beside the wind rolls
