

# Brave

[Josh Groban](#)

Wake up, wake up, the sun cannot wait for long  
Reach out, reach out before it fades away  
You will find the warmth when you surrender  
Smile into the fear and let it play You wanna run away, run away and you say that it can't be so  
You wanna look away, look away but you stay cause' it's all so close  
When you stand up and hold out your hand  
In the face of what I don't understand  
My reason to be brave Hold on, hold on, so strong, time just carries on  
And all that you thought was wrong is pure again  
You can't hide forever from the thunder  
Look into the storm and feel the rain You wanna run away, run away and you say that it can't be so  
You wanna look away, look away but you stay cause' it's all so close  
When you stand up<sup>1</sup>— and hold out your hand  
In the face of what I don't understand  
My reason to be brave O oh oh oh oh  
O oh oh oh oh  
O oh oh oh oh  
Go on, go on You wanna run away, run away and you say that it can't be so  
You wanna look away, look away but you stay cause' it's all so close  
When you stand up and hold out your hand  
In the face of what I don't understand  
My reason to be brave
