

Groove Thang

Zhane

Well, its a groove thang, it's gotta funky swing
Well, it's a groove thang, a groove thangCome onWe're moving on, keeping strong
Don't you let them steer you wrong
It's a groove thangWe're gonna give you what you want
Just as long as you're around
It's a groove thangWe're moving on, keeping strong
Don't you let them steer you wrong
It's a groove thangWe're gonna give you what you want
Just as long as you're around
It's a groove thangOh yeah, ahPeople, there's really nothing to it
Let your mind rest, my friend, and do it
Remember, it ain't over 'til it's really over
A groove thang, groove thangRelax your mind, listen to the rhythm
It's got you flowing but it's in precision
Music is life and we are living
Groove thang, groove thang, groove thangWe're moving on, keeping strong
Don't you let them steer you wrong
It's a groove thangWe're gonna give you what you want
Just as long as you're around
It's a groove thangOh yeah
Oh yeahIt's gonna make you touch the sky
Your body's moving left to right
You're grooving to the morning light
It's a groove thangOh yeahIt takes some time to realize
Your body's moving left to right
The feeling's, oh, so dynamite
It's a groove thangSo whatcha gonna do, whatcha gonna do
Keep your body move, moving
So whatcha gonna do, whatcha gonna do
Keep your body move, movingParty, people, it's a silky fun and groove a thang
Party, people, it's a silky fun and groove a thangOh yeahWe're moving on, keeping strong
Don't you let them steer you wrong
It's a groove thangWe're gonna give you what you want
Just as long as you're around
It's a groove thangWe're moving on, keeping strong
Don't you let them steer you wrong
It's a groove thangWe're gonna give you what you want
Just as long as you're around
It's a groove thang, yeah
