Demons and Angels

Primal Fear

Attacked in the cold, I lay to the ground
And I'm starting to freeze
Touched by the dark, I traveled the desertIn the days of bad dreams, bullets redeem
And I saw the black rain hunted by demons
I was touched by an angelI'm going down, down
It's getting dark
I'm awake till the morningThe beat of black wings under red skies
The place where demons and angels will die
Out of torment there's no tomorrowA sacred heart, an unholy lie
The place where demons and angels will die
Left out alone there's no tomorrowAs the night goes by, I'm facing the truth
And a ghost holds my hand
A candle, a flame and I'm fighting the evilMy time has come, religion was gone
And no mercy in sight, a prayer in vain
And I welcome my enemyI'm going down, down
I'm facing the hell
And rise the prophecyThe beat of black wings under red skies
The place where demons and angels will die
Out of torment there's no tomorrowA sacred heart, an unholy lie
The place where demons and angels will die
Left out alone there's no tomorrowDemons and angelsI'm going down, down
I'm going down, down
It's getting dark
I'm awake till the morningThe beat of black wings under red skies
The place where demons and angels will die
Out of torment there's no tomorrowA sacred heart, an unholy lie
The place where demons and angels will die
Left out alone there's no tomorrowDemons and angels
