

# Big House

## Riverdogs

I am bound to you like steel and rust  
Like a wild dog on a chain  
There are promises you can trust  
I will not break again

I am bound to you like steel is bound to rust  
Like you are bound to make your mama proud  
There's a wild dog on a chain you cannot trust  
You'll be safe inside this big house

Bound for glory you will feel no pain  
You'll be riding on that midnight train  
I've been in prison but I'm bustin' right out  
I will be crawling to the big house

I am bound to you like steel is bound to rust  
Like you are bound to make you mama proud  
There's a wild dog on a chain you cannot trust  
You'll be safe inside this big house

Whatever ties that bind you  
You will surely be set free  
And if some sadness holds you down  
I will make it go away

(Repeat chorus)
