

Take A Bite

Brian Mcfadden

Faking, you just gotta trust me I ain't faking,
Tie me up and beat me I can take it, take it, take it,
Hey babe, look me in the eyes and say you hate me,
Pretend that you don't know me cause I like it, like it, like it.
So do what you want, you like, you need, tonight,
Do what you want, you like, you need,
Take a bite, take a bite, take a bite, take a bite,
Out of me yeah, out of me yeah, out of me yeah,
Take a bite, take a bite, take a bite, take a bite,
Out of me yeah, out of me yeah, out of me yeah,
Take a bite, take a bite, take a bite, take a bite out of me.
Wasting, think of all the time we could be wasting,
Such a bitter pill that I've been tasting, tasting, tasting,
Hit me, hit me everything you got, just hit me,
Leave a good ?, like you bit me, bit me, bit me.

So do what you want, you like, you need, tonight,
Do what you want, you like, you need,
Take a bite, take a bite, take a bite, take a bite,
Out of me yeah, out of me yeah, out of me yeah,
Take a bite, take a bite, take a bite, take a bite,
Out of me yeah, out of me yeah, out of me yeah,
Take a bite, take a bite, take a bite, take a bite out of me.
She said she feel alive when shes sucking the blood out of me,
At night, here we go...
??

So do what you want, you like, you need, tonight,
Do what you want, you like, you need,
Take a bite, take a bite, take a bite, take a bite,
Out of me yeah, out of me yeah, out of me yeah,
Take a bite, take a bite, take a bite, take a bite,
Out of me yeah, out of me yeah, out of me yeah,
Take a bite, take a bite, take a bite, take a bite out of me.
