

Drunken Grrrls

Beach Fatigue

I drink too much tonight, take another drink, take another ride
I drink too much tonight, take another drink, take another ride
Iâ€™ll take another, Iâ€™ll take another
Iâ€™ll drink another, Iâ€™ll drink another

and I keep you up all night if you stay with me
oh stay another night
and I keep you up all night if you stay me
Iâ€™ll stay another night
Iâ€™ll stay another (x4)

I break my neck hanging over and over you
how come I feel, how come i bleed, this blue
and nobody loves you like I do
how come I feel, how come i bleed, this blue

you ask too much of me
ask too much of me, ask too much of me
and you ask enough of me
well enough of me, well enough of me
Iâ€™ll drink another (x4)

and oh my God I have a secret
and oh my God itâ€™s hard to keep it
drunken girls crave drunken bodies (x6)

I break my neck hanging over and over you
how come I feel, how come i bleed, this blue,
and nobody loves you like I do
how come I feel, how come i bleed, this blue,
blue, blue
