

All In Love Is Fair

[Stevie Wonder](#)

All in love is fair, love's a crazy game
Two people vow to stay in love as one they say
But all is changed with time, the future none can see
The road you leave behind, ahead lies mystery
But all in love is fair, I had to go away
A writer takes his pen to write these words again
That all in love is fair
All of fate's a chance, it's either good or bad
I tossed my coin to say in love with me you'll stay
But all in war is so cold, you either win or you lose
When the game is played, the winner must be payed
But all in love is fair, I should've never left your side
A writer takes his pen to write the words again
That all in love is fair
A writer takes his pen to write the words again
That all in love is fair
