

Don't Leave Me Alone (feat. Anne-Marie)

David Guetta

I don't wanna lie, can we be honest?
Right now while you're sitting on my chest
I don't know what I'd do without your comfort
If you really go first, if you really left I don't know if I would be alive today
With or without you like night and day
Read and repeat every conversation
Being with you, every day is a Saturday
But every Sunday you've got me praying Don't you ever leave me, don't you ever go
I've seen it on TV, I know how it goes
Even when you're angry, even when I'm cold
Don't you ever leave me, don't leave me alone Don't leave me a...
Ah, ah, loooone
Ah, ah, ha
Ah, ah, loooone
Ah, ah, ha I don't wanna call and you don't answer
Never see your face light up my phone
Never see you singing tiny dancer
Every time my head hurts, every time I'm low Cause I don't know if I would be alive today
With or without you like night and day
Everything about you uncomplicated
Here with you, every day is a Saturday
But every Sunday, you've got me praying Don't you ever leave me, don't you ever go
I've seen it on TV, I know how it goes
Even when you're angry, even when I'm cold
Don't you ever leave me, don't leave me alone
Don't leave me a... Ah, ah, loooone
Ah, ah, ha
Ah, ah, loooone
Ah, ah, ha (make me, alo..) Don't you ever leave me
Don't you ever go
Don't you ever leave me
No... Don't you ever leave me, don't you ever go
I've seen it on TV, I know how it goes
Even when you're angry, even when I'm cold
Don't you ever leave me, don't leave me alone
Don't you ever leave me, don't you ever go
I've seen it on TV, I know how it goes
Even when you're angry, even when I'm cold
Don't you ever leave me, don't leave me alone Even when you're angry, even when I'm cold

Don't you ever leave me, don't leave me alone
