

Let Her Run

Bellowhead

Oh the finest ship that you ever could find

 Oh boys, are you done, are you done?

Is the old "Wild Cat" of the Swallow Tail Line!

Clear away the track, boys, and let her run!Oh Liza Lee if you were mine

 Oh boys, are you done, are you done?

 I would dress you up in silk so fine

Clear away the track, boys, and let her run!For the sun is high and the wind blows free

 Oh boys, are you done, are you done?

 With Liza Lee all on my knee

Clear away the track, boys, and let her run!Oh in Liverpool town the girls hang around

 Oh boys, are you done, are you done?

 And it's there my Liza will be found

Clear away the track, boys, and let her run!

 When I come home from across the sea

 Oh boys, are you done, are you done?

 Liza Lee will you marry me?

Clear away the track, boys, and let her run!For the sun is high and the wind blows free

 Oh boys, are you done, are you done?

 With Liza Lee all on my knee

Clear away the track, boys, and let her run!

Clear away the track, boys, and let her run!Ohoh, let her run!Well the prettiest sight that you ever did see

 Oh boys, are you done, are you done?

 Is Liz Lee all on my knee

Clear away the track, boys, and let her run!I'll stay with you upon the shore

 Oh boys, are you done, are you done?

 And it's back to see I'll go no more

Clear away the track, boys, and let her run!

For the sun is high and the wind blows free

 Oh boys, are you done, are you done?

 With Liza Lee all on my knee

Clear away the track, boys, and let her run!

Clear away the track, boys, and let her run!Clear away the track, boys, and let her run!
